Subject: Request to Close File Denied and Permit Fee Due, Century Mine,
S/003/048, Box Elder County, Utah

Dear Mr. Dart:

On July 12, 2004, we received your request to inspect your Century Mine site and close the file. This request was made in lieu of your paying the annual permit fee, which is required until the site is released and the file officially closed. The permit fee was waived until an inspection could be performed to verify that the site could be released.

On June 14, 2005, a site inspection was performed by Division inspector, Lynn Kunzler. He reports that there is a trailer and equipment still on site and the site is not yet reclaimed. Therefore, the site cannot be released at this time and the permit fee for year fiscal 2004-2005 is due and payable within 30 days from the inspection date (by July 14, 2005). A billing statement is enclosed for this purpose.

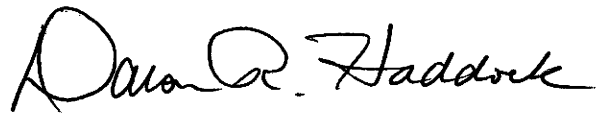

The permit fee for the upcoming fiscal year (2005-2006) will also be due by the last Friday of July. A separate billing statement will be sent regarding that permit fee; however, you may submit both years permit fees at this time, if you so desire.

Please be advised that a Notice of Violation (which carries penalties and fines) can be issued for non payment of permit fees. Prompt payment of last years permit fee will alleviate any enforcement action. As a reminder, please do not check the box to request site release unless the site is completely reclaimed, vegetation is established and the site is ready for release.
